Hindi fantasy movies. Endi börs film izle türkçe dublaj.

The film was first set for a November 12, 2021 release, but the pandemic saw the start of production delayed. I just thought of one, in fact. However, she's still in the official cast list, so we can expect Tina to return too. In addition to Yates, another Harry Potter original series alumnus is joining the Fantastic Beasts franchise. "I never really know what I'm supposed to say or not say," she explained. Ezra Miller is also set to return as Credence Barebone (or is it Aurelius Dumbledore?), along with Callum Turner (Theseus Scamander), William Nadylam (Yusuf Kama), Poppy Corby-Tuech (Vinda Rosier), Jessica Williams (Professor Hicks) and Victoria Yeates (Bunty). That will take the last one up to 1945, the year that Dumbledore defeated Grindelwald and claimed the Elder Wand from him.That was also the year that a certain Tom Riddle (the future Voldemort) graduated from Hogwarts.All that considered, it seems unlikely that the fifth movie won't feature the climactic battle between Dumbledore and his former friend. After Depp's resignation, the movie was pushed back to July 2022.After another production delay in early February 2021, filming wrapped later that month according to composer James Newton Howard: "I know that David Yates has finished shooting, and I'm chomping at the bit to get going."Now with Warner Bros moving it forward to April 2022, hopefully that'll be the final move as it seems unlikely they'd announce an earlier release date if they weren't confident they could make it. Dan Fogler isn't exactly shutting down the rumours that we could see a younger version of Hagrid at some point.Behind the camera, Fantastic Beasts and Where to Find Them director David Yates (who also helmed the last four Harry Potter movies) has signed on to direct all three of the upcoming movies. Fantastic Beasts 3, 4 and 5 plot: How will Fantastic Beasts end?If we assume that we're going to get three more movies of the series, here's what was originally planned for the spin-off.Rowling has said that the films will cover 19 years of Wizarding World history. Fantastic Beasts 3 release date: When is Fantastic Beasts The Secrets of Dumbledore out in cinemas? Could that put them on opposite sides of Grindelwald's coming war?Fantastic Beasts: The Secrets of Dumbledore is set for release in UK cinemas on April 8 and in US cinemas on April 15. You may be able to find more information about this and similar content at piano.io Mikkelsen revealed that he didn't talk to Depp about the role and he took it on because his daughter is a fan of the Harry Potter franchise. Credence could also turn out to play an important role in their struggle, especially if the theory that Dumbledore's sister Ariana was another Obscural turns out to be true. The role of Grindelwald will now be played by Doctor Strange and Hannibal star Mads Mikkelsen. It's not yet clear how the recast will be handled in the movie, but given the world of Harry Potter, it could easily be put down to a potion, accident or magical disguise. The first trailer confirmed he is playing Albus Dumbledore's younger brother, Aberforth.Dark star Oliver Masucci has also joined the cast for the third movie, reportedly as the Head of the International Confederation of Wizards, but this hasn't been confirmed by Warner Bros. "Unable to stop him alone, he entrusts Magizoologist Newt Scamander to lead an intrepid team of wizards, witches and one brave Muggle baker on a dangerous mission, where they encounter old and new beasts and clash with Grindelwald's growing legion of followers. Related: 13 major Harry Potter events that happen during the 19 years of the Fantastic Beasts seriesThat 19-year period also covers the birth of Voldemort and the actions surrounding the creation of his first Horcruxes.Theseus was known to be corresponding with Percival Graves, the director of magical security for the US magical government MACUSA, which put Newt's brother (whether knowingly or not) in contact with Grindelwald, who had assumed Graves's identity. Warner Bros. That considered, his outlook might be quite different to Newt's. If we're to defeat him, you'll have to trust me." We were expecting the second trailer to arrive on February 24 after an announcement from Jude Law.However, its release was delayed and it finally arrived on February 28, bringing more magical action and teasers for the big showdown between Dumbledore and his greatest enemy, Grindelwald. We also know that Chilling Adventures of Sabrina star Richard Coyle will be in the third movie. The fourth and fifth movies have never had release dates, but we originally assumed we could expect them in November 2022 and November 2024, which now definitely won't be the case.However, we're still not 100% sure we'll get the originally planned five Fantastic Beasts movies, and the box office performance of Secrets of Dumbledore will go a long way to see if we get another movie.Assuming they do happen though, don't expect a fourth movie anytime before 2024.Fantastic Beasts 3 trailer: Watch the Fantastic Beasts 3 trailers here!The first trailer arrived online in December 2021 and saw Dumbledore give Newt an ominous warning about how "the world as we know it is coming undone", adding: "Grindelwald is pulling it apart with hate. While we can assume that most of these stars will be back in future movies after the third movie (due to Harry Potter canon), not everyone's fate is known so there is the potential for more shock deaths. "It's leading toward this massive war with the backdrop of World War II, so you can just imagine epic battle scenes are coming."Intriguing.Fogler's co-star Katherine Waterston was equally mysterious about what we can expect from the movie. Here's everything you need to know about Fantastic Beasts: The Secrets of Dumbledore and the potential fourth and fifth movies, too. Don't go expecting a Depp impression from Mikkelsen though. Fantastic Beasts 3, 4 and 5 cast: Who's coming back for Fantastic Beasts 3?Johnny Depp will not be reprising his role as Grindelwald after he was asked to resign from the role by Warner Bros. This doesn't completely rule out us seeing Leta again in the series, but it would (probably) have to take the form of a flashback.Eddie Redmayne will be back as Newt Scamander and he'll be joined by the likes of Katherine Waterston (Tina Goldstein), Jude Law (Albus Dumbledore), Dan Fogler (Jacob Kowalski) and Alison Sudol (Queenie Goldstein).Interestingly though, Waterston has yet to be spotted in any footage or on the posters released, leaving fans worried that Tina actually isn't in the movie. "But yes, I can confirm there will be surprises. Fantastic Beasts 3 is almost with us and we now have a brand-new trailer to tide us over until it arrives in April.The delayed threquel, aka Fantastic Beasts: The Secrets of Dumbledore, has had its fair share of delays behind the scenes, as well as major casting changes as Mads Mikkelsen has taken over from Johnny Depp as Grindelwald.After all that though, it seems as though things are on track for the new movie to arrive in cinemas very soon. Long story short, Fantastic Beasts 3 will be released in UK cinemas on April 8, 2022 and in US cinemas a week later on April 15, 2022. Depp had shot one scene as Grindelwald for the third movie, but we don't know if this will end up in the movie or not. Steve Kloves, who penned seven of the eight Harry Potter screenplays, has written the third movie with JK Rowling.Fantastic Beasts 3 plot: What is Fantastic Beasts The Secrets of Dumbledore about?Along with the title and new release date, we got our first official synopsis for the third movie in December 2021, and it spells danger and trouble ahead for Newt, Dumbledore and more."Professor Albus Dumbledore knows the powerful Dark wizard Gellert Grindelwald is moving to seize control of the wizarding world," it reads. Warner Bros. "The character development is really lovely and it's very similar to the feel of the first movie, which I think is great," he said. But with the stakes so high, how long can Dumbledore remain on the sidelines?" We haven't had many teasers from the cast as of yet, but Fogler did tease the scale of the movie in March 2020. The previous two movies were of mixed quality, but it's still a chance to revisit the magical universe of Harry Potter - and who can resist that?We might even have two more movies to enjoy after the third movie, but let's not get too far ahead of ourselves. It surprised me! I think that's about as far as I can go."Given the potential doubt over the future of the series, it'll be interesting to see whether the third movie is as open-ended as The Crimes of Grindelwald, or could it potentially end in a way that could mark a satisfying finale to a trilogy? Could we see some Harry Potter favourites show up in the third movie? As for the rest of the characters, not everyone survived The Crimes of Grindelwald, so raise a glass to Leta Lestrange (Zoë Kravitz) who was tragically killed by Grindelwald after helping Newt and the others escape.
